

UNI-DECOR PAVERS

SPECIFICATION SHEET

UNI-DECOR PAVERS

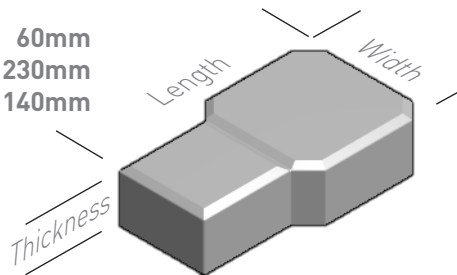

A favourite for many years, Uni-Decor pavers combine two distinct shapes in one paver for a classically elegant pattern design, timeless in its appearance. Equally attractive in contemporary or traditional settings, Uni-Decor creates a beautiful, durable, and virtually maintenance-free surface for a wide array of paving projects. Uni-Decor can be installed in a number of patterns, including running bonds, parquet, basketweave and herringbones, yet it maintains the same overall surface appearance.

DIMENSIONS:

Thickness: **60mm**
 Length: **Approx 230mm**
 Width: **140mm**

**Approximately
 3.5 pavers
 per square foot**
