

# CONCRETE PRODUCTS

## PRODUCT SHEET

### CONCRETE PRODUCTS

Flowers has been supplying the building needs of the Cayman Islands construction industry for over 70 years. We specialize in the manufacture of concrete products for use in industrial, commercial and residential developments, including concrete blocks, pavers, keystones and more. All products are manufactured at our state of the art local facility, eliminating expensive shipping and duty costs.

Flowers' concrete products offer a cost-effective, long-lasting construction solution. Our products are manufactured to the highest specifications offering superior strength and durability, and fire and hurricane resistance. Products are available in a variety of colours to further enhance your architectural design.
